PxM in the ranking of the 50 largest construction companies in the EU

07/30/2015

In its report, Deloitte presents the situation of the fifty largest construction companies in the European Union whose shares are traded on the stock exchange.

The current ranking of the 50 largest European construction companies - European Powers of Construction 2014 – includes only one Polish company - Polimex-Mostostal. The sales value of PxM in the year under review amounted to 502 million euros.
