“Polimex-Mostostal develops its activity in the road and railway building sector. Recently, we have signed material contracts such as the contract for the construction of a 40-kilometre-long section of the A4 motorway; moreover, our bids have been considered by the Ordering Parties to be the most advantageous”, informs Konrad Jaskóła, President of the Management Board of Polimex-Mostostal S.A.

“Following the awaited signature of the contracts, the value of our portfolio of orders will amount to over PLN 10 billion”, concludes President Jaskóła.

“We expect that in the coming months there will be arising further tenders for the construction and modernisation of motorways, expressways and city ring roads as well as larger contracts in the road building segment. Polimex-Mostostal will participate in the realisation of those investments”, concludes Jaskóła.
