Signature of the contract will take place following control by the Head of the Public Procurement Division and fulfilment of the conditions pursuant to the Public Procurement Law.

Polimex-Mostostal launched activity in the railway and road industries in 2005. It is an area which we find very perspective. We are gradually increasing the number of executed road contracts in our portfolio. We estimate that the next quarters in the sector will be better and better. We also have further significant contracts concluded in the last period in the railway infrastructure sector, informs Konrad Jaskóła, President of the Management Board.

In the road and railway industry, Polimex-Mostostal plans to double the sales within two years, adds Konrad Jaskóła.
