POLIMEX INFRASTRUKTURA TO UPGRADE THE TRAINING GROUND COMPLEX IN USTKA

07/16/2024

On 3 July this year, a contract was concluded between the State Treasury, represented by the Regional Infrastructure Management Board in Gdynia, and Polimex Infrastruktura sp. z o.o. for the completion of the project entitled “Upgrade of the training ground complex in Ustka”.

The completion date is 33 months from the date of signing the contract.

The remuneration for the contract is a lump sum and will amount to PLN 41,557,518.84 gross.

As part of the project, a training hall and training areas will be built, as well as an integrated water and fire fighting training station on the ship. This is another project completed ut by Polimex Infrastruktura sp. z o.o. for the regional Infrastructure Management Board in Gdynia. We are proud to say that the Company takes an active part in the implementation of tasks directly related to improving the security of Our Country.
