Polimex-Mostostal SA has concluded a new significant contract

10/07/2010

Today, i.e. on 7 October 2010, Polimex-Mostostal concluded a contract for the construction of the Raczyńskis Library in Poznan.

The contract net value amounts to PLN 44,477,128.92.

The Contract is to be executed by a consortium of the following companies:

· Polimex - Mostostal S.A. – Consortium leader,

· ‘MASTER’ Emil Borys sp. jawna – partner.

A significant part of the works is to be executed by Polimex-Mostostal.

The construction will be completed in April 2012.

- The contract for the construction of the Raczyńskis Library in Poznan is yet another of recently signed contracts, among which there are contracts for the construction of: the European Solidarity Centre in Gdansk, the Centre for Innovation and Advanced Technologies of the Lublin University of Technology, a football stadium in Gliwice, a section of the A-4 motorway, a section of the S69 expressway, the installation of steel structures at Mannheim Power Plant in Germany or the construction of a tank terminal at the Port of Rotterdam. These are contracts which, to a significant extent, will be executed in the years 2011-2012, informs Konrad Jaskóła, President of the Management Board of Polimex-Mostostal S.A.

- Polimex-Mostostal has extensive experience in the execution of such investments. We guarantee that both the deadline and the top quality of the services provided will be observed, adds Konrad Jaskóła.

- Following the awaited signature of the contracts, the value of our portfolio of orders will amount to PLN 10 billion, concludes President Jaskóła.
